Empire Clean Cities presents
The Empire Clean Vehicle Festival

When: Thursday, October 11th, 2018, 9:00AM-2:00PM
Where: Union Square Park, North End, 17th Street

Empire Clean Cities' annual Empire Clean Vehicle Festival event returns to Union Square Park this week on Thursday, October 11th. This educational outreach event promotes the use of alternative fuel vehicles (AFVs). Many companies and organizations are committing to a cleaner, healthier future for New York by choosing AFVs for their fleet operations instead of conventionally fueled vehicles that produce harmful emitting greenhouse gasses (GHGs). Attendees will get the chance to view a showcase of AFVs used by businesses, city agencies, and nonprofits around New York City. Representatives from these organizations will also be there to discuss their vehicles and ongoing sustainable initiatives. This year's Clean Vehicle partners include GM, The Lion Electric Company's electric school bus, Manhattan Beer Distributors, Mitsubishi Fuso and Habitat for Humanity, Zagat hailed pizzeria truck Neapolitan Express, Maven, Smart USA, The New York City Department of Sanitation, CALSTART, NYC Parks and Recreation, a Hino Hybrid, Volvo CNG Tractor, Milea Auto Group, and more. Neapolitan Express will be serving up free pizza, and the event is free and open to the public.

About Empire Clean Cities: Empire Clean Cities is a 501(c)(3) not-for-profit environmental organization with a mission to ensure clean air for future generations. As the designated local US Department of Energy supported Clean Cities coalition, we are part of a national network of nearly 100 coalitions dedicated to advancing the nation's economic, environmental, and energy security by reducing petroleum consumption in the transportation sector. We are committed to providing citizens and stakeholders access to reliable information about alternative fuels and advanced vehicle technologies.
